CARLIE GONZALEZ

SOFTWARE ENGINEER

San Marcos, CA | cjgonzalez2022@gmail.com | 949-847-2887

SUMMARY

Software Engineering student graduating in May 2027 with hands-on experience developing web applications, REST APIs, and backend systems. Proficient in Python, Java, C++, and GitHub, with experience collaborating on technical projects and solving complex problems. Seeking software engineering internship and entry-level opportunities to contribute technical skills while continuing to grow as a developer.

PROFESSIONAL EXPERIENCE

Treobytes Facilitator **July 2025- Present**

- Deliver a coding, robotics, and drone-based curriculum to middle school students, translating complex technical concepts into accessible, hands-on learning experiences
- Configure and operate robotics and drone technology for each class session, maintaining readiness of all technical equipment
- Guide students through interdisciplinary projects integrating coding with math and physics concepts
- Collaborate with site staff and Treobytes team members to coordinate program logistics across multiple locations

PROJECTS

Basketball Analytics- API | Python, Django

- Developed a backend API using Django to analyze basketball lineup statistics and player performance.
- Implemented data aggregation for 2-, 4-, and 5-player lineups, calculating offensive, defensive, and net ratings.
- Tested and validated API responses, successfully generating statistics for 227 player lineups.

EZ Banking

- Built a full-featured web application enabling users to deposit, withdraw, and manage a personalized budget within a single platform.

Time-to-Dine

- Developed a location-based application that surfaces shortest wait times at nearby restaurants and drive-thrus
- Implemented filtering functionality allowing users to sort results by preference or fastest wait time

SKILLS

Java	HTML/CSS	Embedded Systems
C++	Python	GitHub
SQL	Django	Spanish (Intermediate)

EDUCATION

Bachelor of Science, Software Engineering **Aug 2022 - Expected May 2027**

- California State University San Marcos
